Objective

Aspiring software engineer with a strong foundation in full-stack development and data analysis. Seeking opportunities to contribute to innovative projects, enhance technical skills, and collaborate within diverse teams in dynamic tech environments.

Education

Bachelor of Software Engineering

Universidade Católica de Brasília, Brazil

Expected Graduation: December 2027

Relevant Coursework: Object-Oriented Programming, Data Structures, Relational Databases, Software Requirements Engineering, Algorithms, Computer Networks, Software Architecture, Web Development, Software Testing, Project Management

Technical Diploma in Internet Informatics

Instituto Federal do Norte de Minas Gerais (IFNMG), Brazil

Completed: December 2023

Key Subjects: Web Development, JavaScript Programming, Database Management, Object-Oriented Programming, Computer Networks, Interface Design, Operating Systems, Information Security, HTML/CSS/JavaScript, IT Entrepreneurship

Experience

Software Development Intern

Tribunal Regional Federal da 1ª Região, Brasília, Brazil

April 2025 – Present

- Contributing to the development and maintenance of internal applications using Java, PHP, Angular, and Ruby.
- Implementing containerized solutions with Docker to streamline deployment processes.
- Collaborating with cross-functional teams to enhance system functionalities and user experience.

Freelance Developer

Remote

2022 – Present

- Developed custom web applications and automation tools tailored to client needs.
- Managed end-to-end project lifecycles, from requirement gathering to deployment.
- Ensured responsive design and optimal performance across various devices.

Technical Skills

Programming Languages: Python, Java, JavaScript, Ruby, PHP | **Web Development:** Angular, Node.js, Spring Boot | **Databases:** MySQL, PostgreSQL, SQL | **Data Analysis & Visualization:** Pandas, Matplotlib, Power BI, Tableau | **DevOps & Tools:** Docker, Git, GitHub, Linux, Windows | **Methodologies:** Scrum, Kanban | **Additional Tools:** ChatGPT, Bubble.io

Certifications

- Scrum Fundamentals Certified (SFC) – SCRUMstudy, 2023
- Explorer Badge – Oracle My Learning (Java Fundamentals) – 2024
- AWS Cloud Introduction – LocalizaLabs, 2023 (5 hours)
- Fullstack Java + Angular – DIO + Santander, 2023 (115 hours)
- Front-End Development – Alura + Oracle, 2022 (89 hours)
- Business Agility – Alura + Oracle, 2022 (27 hours)

Languages

- Portuguese: Native
- English: Intermediate (Proficient in workplace communication and collaboration)
